

ENTENTE-2022

**2ND INTERNATIONAL CONFERENCE IN HUMANITIES & SOCIAL SCIENCES,
MANAGEMENT AND EDUCATIONAL TECHNOLOGY**

HYBRID MODE

November 3-5, 2022

About The Conference

Digitization and advancements in information technology has significantly proliferated GLOCAL information mobilization. Due to the massive mobility across humanity, the era of multi-dimensionality has come into existence; The word globalization is not just limited to economy or financial systems. In fact, the intervention of globalization in day-to-day life and this quantitative and qualitative shift from trade or professional opportunities to normal human existence has strong links with UNO's Sustainable Development Goals. This shift urges researchers, academicians, industry personnel and students to exchange thoughts and ideas in such inter-disciplinary environment.

NIIT University runs on four Core Principles- Industry-linked, Technology-based, Research-driven and Seamless. Research-driven and Seamless lead to inter-disciplinary teaching-learning or research spanning across all the areas and domains, with considerable societal applications. Every area or domain is following new pedagogic approaches like Research-Based approach to Teaching or Project-Based Learning. Such multi-dimensional environment steers to occupational, spatial and temporal mobility, i.e. Seamless Life.

Organizing this conference is one of the ventures to facilitate deliberation on changing paradigms in the field of Language & Literature, Social Sciences, and Management. The wide spectrum of sub-themes will facilitate integrating the complex array of ethical, psychological, social, economic, cultural, linguistic, literary, political, and administrative concerns in research and pedagogy. This conference attempts to provide an international platform for the academicians, researchers, industry personnel and students to share their research studies and innovative ideas in their respective domains. This conference is meant to promote research studies in the areas of Humanities, Commerce, Economics and Management. It aims to bridge the gap and promote intellectual exchange between researchers, students, and industrial workforce.

The world came to a standstill with lockdown being announced in almost all countries in 2020 and parts of 2021 due to the onslaught of Covid-19. Trade, Aviation, Tourism, even academics suffered quite a lot during the first as well as second wave of pandemic. Now that the world is returning to its old routine again, we at NU have decided to conduct Entente-2022 in hybrid mode.

Target Audience

- ⊙ Students/ Research Scholars
- ⊙ Academicians/Researchers
- ⊙ Policy Makers & Regulators
- ⊙ Industry Experts /Rating Agencies/Law Firms
- ⊙ Chartered Accounts / Cost Accounts /Company Secretaries
